AGRICULTURAL WASH AND SANITATION SERVICES

Castle Hill provides agricultural wash (AGWASH) and agricultural sanitization (AGSAN) for U.S. government equipment.

Work is performed with established field partners and is planned to limit downtime and optimize workforce. Services include removal of organic matter, application of AFPMB TG-31 compliant disinfectant, and containment and disposal of wash water.

In 2025 and 2026, Castle Hill rapidly mobilized and completed AGWASH and AGSAN on over 5,000 pieces of U.S. government equipment supporting 3 different task orders at 3 different military bases, staging operations in multiple locations within each.

FEDERAL PROJECTS MAP

STAFF SPECIALIZATIONS

Priscilla Bersée, M.S., President

Founder of Castle Hill Associates. Service-disabled veteran and retired U.S. Army Staff Sergeant. Responsible for operations, logistics, and delivery of the firm's environmental contracts. Priscilla has over 25 years of experience in facility operations, environmental consulting, and federal contract delivery. Her work includes asbestos and hazardous-materials surveys, lead-based paint inspections, indoor air quality and industrial hygiene support, agricultural sanitation mobilization, safety training, and project management. She directs Castle Hill's operations, logistics, and nationwide field network as President.
